

FLYING WITH OXYGEN

22 January, 2016

Jenni Ibrahim and Philip Thompson

Lung Information and Friendship for Everyone, Community support arm of
The Lung Institute of Western Australia

and

The Lung Health Clinic at Hollywood Hospital
Finalised 7th January 2015 – due for review January 2016

Summary

- Talk to your respiratory specialist – you may need an altitude test
- Plan your trip – airline policy, flight schedules, oxygen supply
- Make your booking and get travel insurance
- Send Medical Clearance form, signed by you and the specialist, to the airline
- Organise oxygen – unless the airline is to supply it
- Plan for your departure day
- Enjoy your trip!
